

# FNA Elections: Nominations Are Still Open, Voting Starts August 1

FNA is pleased to announce that the 2025 FNA Election cycle is officially underway. The bi-annual election provides members the opportunity to shape the leadership and direction of our organization by electing members to the FNA Board of Directors and other key positions. These leadership roles are vital to advancing FNA's mission of promoting excellence in nursing and advocating for the profession statewide.

The official **Candidate Profiles** are available for viewing on the FNA Election

webpage at [www.floridanurse.org/page/Election](http://www.floridanurse.org/page/Election). We encourage all members to review the qualifications and vision statements of those seeking to serve.

Additional nominations will be accepted through **June 30, 2025**. Members interested in seeking a leadership role may still submit their self-nominations during this period. We are particularly seeking nominations for positions without current candidates.

Voting will be conducted electronically from **August 1–15, 2025**. Voting instruc-

tions will be emailed to all members who have a valid email address on file. Members without an email address will receive voting materials by mail. All members in good standing as of **July 1, 2025**, are eligible to vote.

Your participation is vital to the success of our organization. Help shape the future of nursing in Florida by taking part in the 2025 FNA election!

For more information, visit [www.floridanurse.org/page/Election](http://www.floridanurse.org/page/Election). ■
