

# New, Renewing, and Returning Members

September 1 – November 30, 2025

Per DNA and ANA bylaws, all members of either association must have an active license to practice nursing OR have once held an active license and let their license lap voluntarily (retirement, not actively practicing, etc.). As such, DNA completes a license verification for all new, renewing,

and returning members in the association. You may receive an email from Kathleen Devine ([admin@denurses.org](mailto:admin@denurses.org)) requesting more information on your nursing license if unable to be verified with provided information. Thank you for responding quickly and respectfully. ■
